INTRODUCTION

1.1 Welcome Packet Purpose

The purpose of the Northtree Rules and Regulations Packet is to provide you with all of the information you need to begin enjoying the many amenities, programs and activities available to you as a resident in your community. Each guideline has been thoughtfully established with the best interest of the community in mind with the goal of providing a safe and enjoyable environment for all residents.

Please take the time to review this packet in its entirety and let us know if you have any additional questions, concerns, or suggestions. We value your feedback, and we look forward to hearing from you.

1.2 Mission Statement

To provide exceptional services to our residents which reflect our uncompromising standards of excellence and dedication to providing opportunities for ***Building Better Lifestyles***.

1.3 History & Developer Story

Banning Lewis Ranch is a place with a lot of colorful history behind it. For almost a century, it has been a thriving cattle ranch. Now Northtree is home to residents instead of calves and foals.

From the start, the Banning Lewis Ranch team has wanted the new Banning Lewis Ranch to feel like home. This thinking guided the plan for the inaugural village, Northtree. That's why you'll find things like tree-lined streets and open-rail fences. Natural green spaces and feathery wild grasses. A new community recreation center complete with a pool, ball fields, the Banning Lewis Ranch Academy, a public K-8 charter school, and beautiful new homes in a variety of architectural styles, displaying rich character and neighborhood crafting, all interconnected by a network of trails and footpaths called "pasillos". It's the kind of place you just don't find much anymore. More good things are planned for the future of the entire Ranch, like town centers with friendly shops and restaurants, more neighborhood schools, a variety of cultural and recreational attractions and places to work or start a business. Our goal is to create a sense of community from the beginning, to honor the past and look forward to the future.

We hope you'll agree that this historically significant property is in good hands. Our goal is to find Guest Builders and employees who care about the quality of what they do. We want to include a sense of history and heritage in this master plan. And every step of the way, we want to be able to look back and be proud of what we've done together.

1.4 YMCA of the Pikes Peak Region

As part of the goal of providing our residents with the best leisure amenities and programming, we have hired YMCA of the Pikes Peak Region (YMCA) as the facility manager. The YMCA is responsible for the managing the daily operations, staff, programs, and services offered at the Northtree Ranch House and within the Northtree community. YMCA is committed to providing residents with quality

leisure experiences and is dedicated to their mission of providing opportunities for Building Better Lifestyles.

2 GENERAL INFORMATION

2.1 General Hours of Operation

Banning Lewis Ranch residents have access to The Ranch House 24/7. Please remember to bring your access key!

Please check www.banninglewisranchmetrodistrict.com/contacts.htm for the most up to date hours for the:

- Northtree Ranch House
- Northtree Backyard, Pool and Splash Area
- Vista Water Park
- Tennis Courts

Pool Closing Policies

The YMCA will close the pool when severe weather or pool maintenance requires it. Any time lightning is within a ten (10) miles radius, the pool, including all of the pool deck and showers must close for at least thirty (30) minutes. Blood borne pathogen contamination or fecal contamination will necessitate pool closing. Vomit (other than a clear substance) will necessitate pool closing. Outside temperature of 59° F or colder will necessitate pool closing. Water temperature of 70° F or colder will necessitate pool closing. Following a closing for any of the above stated reasons, the pool will remain closed until the condition requiring the closing has been resolved to the satisfaction of the YMCA.

2.2 Operating Calendar and Holidays

Holidays

The facility will be closed on the following days:

- Easter
- Thanksgiving
- Christmas Eve closed at 12 p.m.
- Christmas
- New Year's Eve closed at 12:00 p.m.
- New Year's Day

Inclement Weather

We will make every attempt to remain open during times of inclement weather; however, the facilities will be closed if the conditions are determined to be a threat to the residents and staff. The YMCA generally follows the delay and closure schedule of Falcon School District 49 (D49).

If D49 has a 2-hour delay, the Ranch House will open 2-hours later than the Regular Hours, typically by 11:00 a.m. All Group Ex and Toddler Time events will be cancelled. Group Ex classes will resume after 11:00am. We will have weather closing updates on the BLR Facebook page.

Maintenance and Closures

In an effort to achieve the highest standards of parks and amenities cleanliness and safety, there will be times when certain areas of the facility will be shut down for improvements, cleaning, and preventative maintenance. Resident understanding and patience is appreciated as efforts are made to improve and maintain the cleanliness, safety, and aesthetics of the facility. Whenever possible, maintenance days will be planned in advance and residents will be given proper notification.

Parks and amenities may be closed at the discretion of the District Manager or Board of Directors' designee. Closures will occur as necessary for maintenance, or rest and renovation following events which cause damage and reduce safety. Scheduled users will be notified in advance whenever possible. Users will also be notified on the District website and posted signage signifying the field as "closed."

The District may employ measures such as temporary fencing to isolate playing surfaces until safe use conditions are restored. In an effort to lengthen the playability and use of turf areas, the District requests that users refrain from, or limit, the use of heavy traffic wear areas during use, regardless of weather, to assist in providing the best turf conditions possible. This includes any portion of the parks and amenities showing wear due to traffic. Continued or un-repairable damage by permitted users will result in the discontinuation of use and may incur costs to remedy associated damages. Users will be notified directly of the District's intention to change, discontinue, or temporarily suspend use.

Lap Swim Etiquette – Village 1 Ranch House

1. Be prepared to share lanes.
2. Try to swim with people who have the same ability. Please respect other people's efforts.
3. Be cautious and courteous. Do not start directly in front of or behind someone approaching the wall for a turn. Give them room and drop behind.
4. Let others know you are entering the lane. If necessary, get a swimmer's attention by waving a kickboard underwater. Those already in the lane always have the right of way.
5. With two or more swimmers in a lane, swim a circle pattern (keep to the right).
6. To pass another swimmer: Touch the person on the foot once only during the lap. If you are touched on the foot, move quickly off to the side of the lane when you reach the wall and allow

the person to pass.

7. If you are resting or waiting at the end of the lane, move out of the way to allow other swimmers full use of the wall when turning. Do not occupy the lane for socializing; exit after your workout.
8. While lifeguards are not responsible for enforcing lap swim etiquette, they may be of assistance explaining and clarifying the rules.
9. Daily swim tests will take place during Safety Break at 10 minutes to each hour in an end lane of the lap pool.

BANNING LEWIS RANCH METROPOLITAN DISTRICT NO. 2
2024 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS

Services Provided

The Banning Lewis Ranch Metropolitan District No. 2 (“the District”), a quasi-municipal corporation and a political subdivision of the State of Colorado, was organized by order and decree of the District Court for the City of Colorado Springs, El Paso County, Colorado on December 1, 2005, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes).

The District was organized to provide street improvements, parks and recreational facilities, water supply, wastewater facilities, traffic and safety controls, public transportation, fire protection, mosquito control and television relay. The District is one of the Financing Districts organized in conjunction with ten other related Districts - Banning Lewis Ranch Metropolitan District Nos. 1, 2, 4, 5, 6 (now Banning Lewis Ranch Regional Metropolitan District No. 1), 7 (now Banning Lewis Ranch Regional Metropolitan District No. 2), 8, 9, 10, and 11. District No. 1 serves as the Operating District which will pay all vendors of and receive reimbursement/contributions from the Financing Districts. All other Districts, including District No. 2, are the Financing Districts which will issue debt, levy ad valorem taxes on taxable properties within each District and assess fees, rates and other charges as authorized by law. Banning Lewis Ranch Regional Metropolitan District will serve as the Regional Improvement District serving all of the Districts. The District’s service area is located entirely within the City of Colorado Springs, El Paso County, Colorado.

During elections held on November 1, 2005, the District’s voters authorized total general obligation indebtedness of \$929,500,000 for the above listed facilities and powers as well as for refunding debt. The elections also approved annual increases in property taxes of up to \$8,000,000, without limitation to rate, to pay the District’s operations and maintenance costs. The election also allows the District to retain all revenues without regard to the limitation contained in Article X, Section 20 of the Colorado constitution or any other law.

Pursuant to the Service Plan, District No. 2 is permitted to issue bond indebtedness of up to \$84,500,000.

The District has no employees and all administrative functions are contracted.

The District prepares its budget on the modified accrual basis of accounting, in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

2024 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenues

Property Taxes

Property taxes are levied by the District’s Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April, or in equal installments, at the taxpayer’s election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Pursuant to the Service Plan, the District is required to adjust its maximum Required Mill Levy for changes in the ratio of actual to assessed value of property within the District. Required Mill Levy means an ad valorem mill levy imposed upon all taxable property of the District each year in a amount sufficient to pay the principal, premium if any, and interest on the Bonds as the same become due and payable [and to make up any deficiencies in the Reserve Fund].

The calculation of the taxes levied is displayed on the Property Tax Summary page of the budget using the adopted mill levy imposed by the District.

For property tax collection year 2024, SB22-238 and SB23B-001 set the assessment rates and actual value reductions as follows:

Category	Rate		Category	Rate		Actual Value Reduction	Amount
Single-Family Residential	6.70%		Agricultural Land	26.40%		Single-Family Residential	\$55,000
Multi-Family Residential	6.70%		Renewable Energy Land	26.40%		Multi-Family Residential	\$55,000

Revenues (continued)

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 10% of the property taxes collected.

Interest Income

Interest earned on the District's available funds has been estimated based on an average interest rate of approximately 5.00%.

Expenditures

County Treasurer's Fees

County Treasurer's collection fees have been computed at 1.5% of property taxes.

Administrative Expenditures

The District has budgeted for administrative expenditures related to the payment of fees to the board of directors, as well as a contingency for unexpected expenditures. Directors are paid \$100 per meeting, up to a maximum of \$2,400 per director per year.

Intergovernmental expenditure – Banning Lewis Ranch Metropolitan District No. 1 – O&M Taxes

Property taxes generated from the mills levied by the District for operations and maintenance, net of fees and other administrative expenditures, are expected to be transferred to District No. 1, the Operating District, which pays all other administrative expenditures of the District.

Debt Service

Principal and interest payments are provided based on the debt amortization schedule from the District's Series 2016 General Obligation Refunding Bonds (discussed under Debt and Leases).

Capital Outlay

The District anticipates infrastructure improvements as noted in the Capital Projects fund.

Debt and Leases

On December 8, 2016, the District issued General Obligation Refunding Bonds, Series 2016 (2016 Bonds), in the principal amount of \$11,310,000, for the purpose of (1) refunding the District's General Obligation Limited Tax Bonds, Series 2013, (2) refunding the District's Subordinate General Obligation Limited Tax Bonds, Series 2014, (3) purchasing an insurance policy for the 2016 Bonds, and (4) paying the costs of issuing the 2016 Bonds. The 2016 Bonds have an anticipated maturity date of December 1, 2046, and are comprised of term and serial bonds with an interest rate between 2.000% and 5.000%.

For the purpose of paying the principal of, premium if any, and interest on the Bonds and if necessary replenishing the Reserve Fund up to the Required Reserve, the District covenants to cause to be levied on all of the taxable property of the District, in addition to all other taxes, direct annual taxes in each of the years 2016 to 2045, inclusive (and, to the extent necessary to make up any overdue payments on the Bonds, in each year subsequent to 2045), without limitation of rate and in amounts sufficient to pay the principal of, premium if any, and interest on the Bonds as the same become due and payable.

The 2016 Bonds are further secured by amounts held by the Trustee in the Reserve Fund in the amount of \$390,944.

Reserves

Debt Service Reserve

The District maintains a Debt Service Reserve of \$390,944 as required with the issuance of the Series 2016 Bonds.

Emergency Reserve

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of fiscal year spending. Since substantially all funds received by the District subject to TABOR are transferred to District No. 1, which pays for all District's operations and maintenance costs, an Emergency Reserve is not reflected in the District's 2024 Budget. The Emergency Reserve for these revenues is reflected in District No. 1.

Notes:

^A **Taxing Entity**—A jurisdiction authorized by law to impose ad valorem property taxes on taxable property located within its territorial limits (please see notes B, C, and H below). For purposes of the DLG 70 only, a *taxing entity* is also a geographic area formerly located within a *taxing entity's* boundaries for which the county assessor certifies a valuation for assessment and which is responsible for payment of its share until retirement of financial obligations incurred by the *taxing entity* when the area was part of the *taxing entity*. For example: an area of excluded property formerly within a special district with outstanding general obligation debt at the time of the exclusion or the area located within the former boundaries of a dissolved district whose outstanding general obligation debt service is administered by another local government^C.

^B **Governing Body**—The board of county commissioners, the city council, the board of trustees, the board of directors, or the board of any other entity that is responsible for the certification of the *taxing entity's* mill levy. For example: the board of county commissioners is the governing board ex officio of a county public improvement district (PID); the board of a water and sanitation district constitutes ex officio the board of directors of the water subdistrict.

^C **Local Government** - For purposes of this line on Page 1 of the DLG 70, the *local government* is the political subdivision under whose authority and within whose boundaries the *taxing entity* was created. The *local government* is authorized to levy property taxes on behalf of the *taxing entity*. For example, for the purposes of this form:

1. a municipality is both the *local government* and the *taxing entity* when levying its own levy for its entire jurisdiction;
2. a city is the *local government* when levying a tax on behalf of a business improvement district (BID) *taxing entity* which it created and whose city council is the BID board;
3. a fire district is the *local government* if it created a subdistrict, the *taxing entity*, on whose behalf the fire district levies property taxes.
4. a town is the *local government* when it provides the service for a dissolved water district and the town board serves as the board of a dissolved water district, the *taxing entity*, for the purpose of certifying a levy for the annual debt service on outstanding obligations.

^D **GROSS Assessed Value** - There will be a difference between gross assessed valuation and net assessed valuation reported by the county assessor only if there is a “tax increment financing” entity (see below), such as a downtown development authority or an urban renewal authority, within the boundaries of the *taxing entity*. The board of county commissioners certifies each *taxing entity's* total mills upon the *taxing entity's* *Gross Assessed Value* found on Line 2 of Form DLG 57.

^E **Certification of Valuation by County Assessor, Form DLG 57** - The county assessor(s) uses this form (or one similar) to provide valuation for assessment information to a *taxing entity*. The county assessor must provide this certification no later than August 25th each year and may amend it, one time, prior to December 10th. Each entity must use the **FINAL** valuation provided by assessor when certifying a tax levy.

^F **TIF Area**—A downtown development authority (DDA) or urban renewal authority (URA), may form plan areas that use “tax increment financing” to derive revenue from increases in assessed valuation (gross minus net, Form DLG 57 Line 3) attributed to the activities/improvements within the plan area. The DDA or URA receives the differential revenue of each overlapping *taxing entity's* mill levy applied against the *taxing entity's* gross assessed value after subtracting the *taxing entity's* revenues derived from its mill levy applied against the net assessed value.

^G **NET Assessed Value**—The total taxable assessed valuation from which the *taxing entity* will derive revenues for its uses. It is found on Line 4 of Form DLG 57. **Please Note:** A downtown development authority (DDA) may be both a *taxing entity* and have also created its own *TIF area* and/or have a URA *TIF Area* within the DDA's boundaries. As a result DDAs may both receive operating revenue from their levy applied to their certified *NET assessed value* and also receive TIF revenue generated by any *tax entity* levies overlapping the DDA's *TIF Area*, including the DDA's own operating levy.

^H General Operating Expenses (DLG 70 Page 1 Line 1)—The levy and accompanying revenue reported on Line 1 is for general operations and includes, in aggregate, all levies for and revenues raised by a *taxing entity* for purposes not lawfully exempted and detailed in Lines 3 through 7 on Page 1 of the DLG 70. For example: a fire pension levy is included in general operating expenses, unless the pension is voter-approved, if voter-approved, use Line 7 (Other).

^I Temporary Tax Credit for Operations (DLG 70 Page 1 Line 2)—The Temporary General Property Tax Credit/ Temporary Mill Levy Rate Reduction of 39-1-111.5, C.R.S. may be applied to the *taxing entity*'s levy for general operations to effect refunds. Temporary Tax Credits (TTCs) are not applicable to other types of levies (non-general operations) certified on this form because these levies are adjusted from year to year as specified by the provisions of any contract or schedule of payments established for the payment of any obligation incurred by the *taxing entity* per 29-1-301(1.7), C.R.S., or they are certified as authorized at election per 29-1-302(2)(b), C.R.S.

^J General Obligation Bonds and Interest (DLG 70 Page 1 Line 3)—Enter on this line the total levy required to pay the annual debt service of all general obligation bonds. Per 29-1-301(1.7) C.R.S., the amount of revenue levied for this purpose cannot be greater than the amount of revenue required for such purpose as specified by the provisions of any contract or schedule of payments. Title 32, Article 1 Special districts and subdistricts must complete Page 2 of the DLG 70.

^K Contractual Obligation (DLG 70 Page 1 Line 4)—If repayment of a contractual obligation with property tax has been approved at election and it is not a general obligation bond (shown on Line 3), the mill levy is entered on this line. Per 29-1-301(1.7) C.R.S., the amount of revenue levied for this purpose cannot be greater than the amount of revenue required for such purpose as specified by the provisions of any contract or schedule of payments.

^L Capital Expenditures (DLG 70 Page 1 Line 5)—These revenues are not subject to the statutory property tax revenue limit if they are approved by counties and municipalities through public hearings pursuant to 29-1-301(1.2) C.R.S. and for special districts through approval from the Division of Local Government pursuant to 29-1-302(1.5) C.R.S. or for any *taxing entity* if approved at election. Only levies approved by these methods should be entered on Line 5.

^M Refunds/Abatements (DLG 70 Page 1 Line 6)—The county assessor reports on the *Certification of Valuation* (DLG 57 Line 11) the amount of revenue from property tax that the local government did not receive in the prior year because taxpayers were given refunds for taxes they had paid or they were given abatements for taxes originally charged to them due to errors made in their property valuation. The local government was due the tax revenue and would have collected it through an adjusted mill levy if the valuation errors had not occurred. Since the government was due the revenue, it may levy, in the subsequent year, a mill to collect the refund/abatement revenue. An abatement/refund mill levy may generate revenues up to, but not exceeding, the refund/abatement amount from Form DLG 57 Line 11.

1. Please Note: Pursuant to Article X, Section 3 of the Colorado Constitution, if the *taxing entity* is in more than one county, as with all levies, the abatement levy must be uniform throughout the entity's boundaries and certified the same to each county. To calculate the abatement/refund levy for a *taxing entity* that is located in more than one county, first total the abatement/refund amounts reported by each county assessor, then divide by the *taxing entity*'s total net assessed value, then multiply by 1,000 and round down to the nearest three decimals to prevent levying for more revenue than was abated/refunded. This results in an abatement/refund mill levy that will be uniformly certified to all of the counties in which the *taxing entity* is located even though the abatement/refund did not occur in all the counties.

^N Other (DLG 70 Page 1 Line 7)—Report other levies and revenue not subject to 29-1-301 C.R.S. that were not reported above. For example: a levy for the purposes of television relay or translator facilities as specified in sections 29-7-101, 29-7-102, and 29-7-105 and 32-1-1005 (1) (a), C.R.S.; a voter-approved fire pension levy; a levy for special purposes such as developmental disabilities, open space, etc.
